

The Australian Highland Cattle Society

Have the pleasure in introducing

The Highland Bull

Providing herd and AI sires for a hardy, long lived environmentally friendly, profitable herd, targeted at the premium quality beef market.

Ideal sires for use in the dairy and commercial beef industries, providing smaller birth weight calves, with greater hybrid vigour for faster weight gain and finishing.

The Australian Highland Cattle Society is dedicated to assisting beef farmers to market their produce more effectively.

For comprehensive information on how The Australian Highland Cattle Society can help you improve your bottom line, please contact the Secretary.
